

## **ALL ON ONE APP:**

For the first time in the industry, audiobooks and magazines will be available in one easy-to-use app.

The OneClickdigital and Zinio apps are now RDdigital.

The OneClickdigital app will be updated to the new RBdigital app. This update can happen automatically, or manually.

Patrons will receive a notification within the current Zinio for Libraries app alerting them the availability of the new RBdigital app and giving them the option to download it.

### **RBdigital Magazines**

Instantly read all current and backlist magazines on desktop and mobile devices. No limit and permanent checkout. Checkout as many issues as you want and keep them in your account as long as you wish.

Items that you borrow from both collections appear in your Checkouts in the RBdigital app, ready for download. You can also borrow and download items directly in the app.
